Use of Cookies

The TTEF website uses "cookies" to help you personalize your online experience. A cookie is a text file that is placed on your hard disk by a web page server. Cookies cannot be used to run programs or deliver viruses to your computer. Cookies are uniquely assigned to you and can only be read by a web server in the domain that issued the cookie to you.

One of the primary purposes of cookies is to provide a convenience feature to save you time. The purpose of a cookie is to tell the web server that you have returned to a specific page. For example, if you personalize TTEF pages, or register on the TTEF website, a cookie helps TTEF to recall your specific information on subsequent visits. This simplifies the process of recording your personal information, such as addresses, and so on. When you return to the same TTEF website, the information you previously provided can be retrieved, so you can easily use the features that you customized.

You have the ability to accept or decline cookies. Most web browsers automatically accept cookies, but you can usually modify your browser setting to decline cookies if you prefer. If you choose to decline cookies, you may not be able to fully experience the interactive features of the TTEF website.

Security

We take precautions to protect your information. When you submit sensitive information via the website, your information is protected both online and offline. Wherever we collect sensitive information (such as credit card data), that information is encrypted and transmitted to us in a secure way. You can verify this by looking for a closed lock icon at the bottom of your web browser or looking for "https" at the beginning of the address of the web page.

While we use encryption to protect sensitive information transmitted online, we also protect your information offline. Only employees who need the information to perform a specific task (for example, billing or customer service) are granted access to personally identifiable information. The computers/servers in which we store personally identifiable information are kept in a secure environment.

Changes to this Policy

From time to time, it may be necessary for TTEF to change this privacy policy, so we suggest that you check here periodically. Rest assured, however, that any changes will not be retroactively applied and will not alter how we handle previously collected information.
